PRATHMESH P. NALAWADE

prathmeshn789@gmail.com | +91 9921823443 | LinkedIn | GitHub | Pune, Maharashtra, India

PROFESSIONAL SUMMARY

Full-Stack Software Engineer with hands-on experience building scalable MERN stack applications, RESTful APIs, and real-time systems. Passionate about clean architecture, performance optimization, and developer tooling. Seeking to leverage strong fundamentals in JavaScript, React, and Node.js

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java (Basic), SQL
Frontend: React.js, HTML5, CSS3, Bootstrap, Tailwind CSS, Chart.js, Material-UI
Backend: Node.js, Express.js, REST API Design, JWT Authentication, bcrypt,
Databases: MongoDB, MySQL, SQL
Tools & Platforms: Git, GitHub, VS Code, Linux, Windows

PROJECTS

Trading Platform (Zerodha Clone) | MERN Stack LINK

- Built a full-stack stock trading web app with React.js frontend, Node.js/Express.js backend, and MongoDB, replicating core Zerodha features.
- Implemented JWT-based authentication with bcrypt password hashing and HTTP-only cookies for secure session management.
- Designed RESTful APIs for user auth, holdings, positions, and order management; integrated Chart.js and Material-UI for financial data visualization.
- Architected a multi-app structure with separate landing page, user dashboard, and backend API services for modularity and scalability.

ConnectMe – Video Meeting Application | MERN Stack + WebRTC LINK

- Developed a full-stack real-time video conferencing platform with peer-to-peer communication using WebRTC and Socket.IO signaling.
- Built secure user authentication using bcrypt and token-based access control with protected routes via React Context API.
- Implemented real-time group chat, meeting history tracking, and code-based room joining for seamless user experience.

Portfolio Application | MERN Stack LINK

- Built a dynamic full-stack portfolio using MERN stack with JWT login/signup, bcrypt password hashing, and protected dashboard routes.
- Developed REST APIs for user authentication; designed a responsive, component-based UI with React Router for seamless navigation.

EDUCATION

Prof. Ramkrishna More Arts, Commerce & Science College Akurdi, Pune *Aug 2022 – Jun 2025*

B.Sc. in Computer Science
CGPA: 6.58

CERTIFICATIONS & ACHIEVEMENTS

- Full Stack Web Development – Apna College Delta Program: Comprehensive training in HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB.
- SQL for Data Science – Prof. Ramkrishna More Arts College: Learned SQL queries, data manipulation, and database concepts for analytical use cases.
- Web Designing Workshop – Prof. Ramkrishna More Arts College: Hands-on training in modern web layout techniques and UI fundamentals.
- C-King Competition Certificate – Recognized for performance in intercollegiate C programming competition.
